## Walking at night

We finally have our summer and the weather has been co-operating! Everyone is getting out for exercise and enjoying the outdoors which is fabulous to see. We do ask that you do so safely. When walking at night ensure you are wearing bright clothes so vehicles can see you. Stay on sidewalks when you can and make sure you are aware of your surroundings watching for motor vehicles.

**Happy summer!!!**

## Transient Traders

This is the time of the year when door-to-door salesmen/women increase. To keep everyone safe please ask to see their business license that they would purchase from our office. If they do not have one, do not let them in your house. This is the only way we can monitor and keep track of who is in our town and keep them accountable.

## Cupar Utility Bills

Please note that all utility bills are due before month end for the month they are issued. Effective immediately, any residences with outstanding accounts on the first of the month will have their water supply shut off unless prior arrangements for payment have been made with the town office. It is the homeowner's responsibility to contact us; we will not be contacting you prior to cut-off. Once water has been shut off there is a \$50.00 reconnect fee added to your bill.

Please understand that the town pays for the water usage to Sask Water each month and delinquent payments hinder our ability to meet our expenses as well. Also, for residents, it is much easier to catch up on a one month payment rather than five months of missed payments.

Thank you for your co-operation and speedy payments!
